

APIs	Classification according to ATC Index
A	
Acamprosate	<ul style="list-style-type: none"> • Drugs used in addictive disorders / In dependence on alcohol
Acemetacine	<ul style="list-style-type: none"> • Non /steroidal anti /inflammatory and antirheumatic products.
Acetylcysteine	<ul style="list-style-type: none"> • Cough and cold preparations / Expectorants exluded in combination with cough suppressants / Mucolytics. • Other Ophthalmologists.
Acyclovir	<ul style="list-style-type: none"> • Chemotherapy for topical use / Antivirals. • Antivirals for systemic use / Nucleosides and nucleotides, excluding reverse transcriptase inhibitors. • Ophthalmological / Anti /infective / Antiviral.
Albendazole	<ul style="list-style-type: none"> • Anthelmintics / Antinematodes.
Albendazole Micronized	<ul style="list-style-type: none"> • Anthelmintics / Antinematodes.
Alendronate sodium	<ul style="list-style-type: none"> • Osteoporosis / Bisphosphonates
Algestone Acetophenide	<ul style="list-style-type: none"> • Sex hormones / Progestogens / Derivatives of 4 pregnene.
Alpha Lipoic Acid	<ul style="list-style-type: none"> • Various products for the alimentary tract and metabolism.
Alprazolam	<ul style="list-style-type: none"> • Psycholeptics / Anxiolytics / Benzodiazepine Derivatives.
Ambroxol	<ul style="list-style-type: none"> • Cough and cold preparations / Expectorants exluded in combination with cough suppressants / Mucolytics
Amikacine	<ul style="list-style-type: none"> • Other Antibiotics for topical use. • Antibacterials for systemic use / Other aminoglycosides. • Ophthalmology / Antibiotics.

Amiloride	<ul style="list-style-type: none"> • Diuretics / Other Potassium /sparing agents.
Amiodarone	<ul style="list-style-type: none"> • Arrhythmia treatment
Amitriptyline HCl	<ul style="list-style-type: none"> • Psychoanaleptics / Antidepressants / Non /selective monoamine reuptake inhibitors.
Amlodipine Besylate	<ul style="list-style-type: none"> • Antihypertensives / Selective calcium channel blockers with mainly vascular effects / Derivatives of Dihydropyridine.
Amoxicilline + Clavulanic Sterile Mixture	<ul style="list-style-type: none"> • Broad Spectrum Penicillanic Antibacterial / Combinations of penicillins, including beta /lactamase inhibitors.
Amoxicilline Sodium Sterile	<ul style="list-style-type: none"> • Broad Spectrum Penicillanic Antibacterial.
Amoxicilline Trihydrate Compact	<ul style="list-style-type: none"> • Broad Spectrum Penicillanic Antibacterial
Amoxicilline Trihydrate Powder	<ul style="list-style-type: none"> • Broad Spectrum Penicillanic Antibacterial
Ampicillin + Sulbactam Sterile mixture 2:1	<ul style="list-style-type: none"> • Broad Spectrum Penicillanic Antibacterial / Combinations of penicillins, including beta /lactamase inhibitors.
Ampicillin Sodium Sterile	<ul style="list-style-type: none"> • Broad Spectrum Penicillanic Antibacterial.
Ampicilline Anhydrous Compact	<ul style="list-style-type: none"> • Broad Spectrum Penicillanic Antibacterial.
Ampicilline Anhydrous Powder	<ul style="list-style-type: none"> • Broad Spectrum Penicillanic Antibacterial.
Anastrozole	<ul style="list-style-type: none"> • Endocrine Therapy / Hormone Antagonists and Related Agents / Aromatase Inhibitors.
Atenolol	<ul style="list-style-type: none"> • Selective beta /blocking agents.
Atorvastatin Calcium Amorphous	<ul style="list-style-type: none"> • Lipid modifying agents / HMG CoA reductase inhibitors.

Atorvastin Cristallyne	<ul style="list-style-type: none"> • Lipid modifying agents / HMG CoA reductase inhibitors.
Atracurium besylate	<ul style="list-style-type: none"> • Peripheral action muscle relaxants / Other quaternary ammonium compounds.
Atropine	<ul style="list-style-type: none"> • Agents against functional ailments of the stomach and intestine / Belladonna alkaloids, tertiary amines. • Ophthalmological / Mydriatic and Cycloplegic / Anticholinergic.
Aztreonam + L / Arginine	<ul style="list-style-type: none"> • Antibacterials for systemic use / Other antibacterials Betalactams / Monobactams.
Azythromycin Dihydrate	<ul style="list-style-type: none"> • Antibacterials for systemic use / Macrolides. • Ophthalmological / Anti /infectives / Antibiotics.

B	
Bacitracin Zinc	<ul style="list-style-type: none"> • Other Antibiotics for topical use.
Becaplermine	<ul style="list-style-type: none"> • Dermatology / Preparations for the treatment of wounds and ulcers / Healing.
Beclometasone	<ul style="list-style-type: none"> • Intestinal anti /inflammatory agents / Local action corticosteroids. • Dermatological preparations with corticosteroids. • Decongestants and other nasal preparations for topical use / Corticosteroids. • Other agents against obstructive diseases of the respiratory tract, inhalation / Glucocorticoids.
Benazepril HCl	<ul style="list-style-type: none"> • Agents that act on the Renin /Angiotensin system /ACE Inhibitors.
Benzbromarone	<ul style="list-style-type: none"> • Anti /gouty preparations that increase uric acid excretion.
Benzidamine HCl	<ul style="list-style-type: none"> • Stomatological preparations / Other agents for local oral treatment. • Anti /inflammatory products for vaginal administration. • Other non /steroidal anti /inflammatory and antirheumatic agents.

	<ul style="list-style-type: none"> • Topical products for joint and muscle pain / Prepared with non /steroidal anti /inflammatory drugs for topical use.
Betamethasone	<ul style="list-style-type: none"> • Intestinal anti /inflammatory agents / Local action corticosteroids. • Vasoprotectors / Topical agents for the treatment of hemorrhoids and anal fissures / Corticosteroids. • Dermatological preparations with corticosteroids. • Corticosteroids for systemic use / Glucocorticoids. • Preparations for nasal use / Decongestants and other nasal preparations for topical use / Corticosteroids. • Other agents against obstructive diseases of the respiratory tract, Inhalation / Glucocorticoids. • Ophthalmologic / Anti /inflammatory agents / Corticosteroids. • Otolgic / Corticosteroids.
Betamethasone 17 /Valerate	<ul style="list-style-type: none"> • Creams, ointments, lotions and foam preparations for topical use. • Vasoprotectors / Topical agents for the treatment of hemorrhoids and anal fissures / Corticosteroids. • Dermatological preparations with corticosteroids.
Betamethasone Dipropionate	<ul style="list-style-type: none"> • Creams, ointments and lotions for topical use. • Dermatological preparations with corticosteroids. • Corticosteroids for systemic use / Glucocorticoids.
Biperiden HCl	<ul style="list-style-type: none"> • Antiparkinsonians / Anticholinergic agents / Tertiary amines.
Bisacodyl	<ul style="list-style-type: none"> • Agents against constipation / Contact laxatives, Enemas.
Bisoprolol Fumarate	<ul style="list-style-type: none"> • Antihypertensives / Selective beta /blocking agents.
Bleomycin	<ul style="list-style-type: none"> • Antineoplastic Agents / Other Cytotoxic Antibiotics.
Bromazepam	<ul style="list-style-type: none"> • Anxiolytics / Benzodiazepine derivatives.
Bromazepam Micronized	<ul style="list-style-type: none"> • Anxiolytics / Benzodiazepine derivatives.

Budesonide	<ul style="list-style-type: none"> • Intestinal anti /inflammatory agents / Corticosteroids of local action. • Dermatological preparations with Corticosteroids. • Decongestants and other nasal preparations for topical use / Corticosteroids. • Other agents against obstructive diseases of the respiratory tract, Inhalation.
Buflomedil HCl	<ul style="list-style-type: none"> • Other peripheral vasodilators.
Bupropion HCl	<ul style="list-style-type: none"> • Psychoanaleptics / Other antidepressants.

C	
Caffeine Anhydrous	<ul style="list-style-type: none"> • Psychostimulants, Agents Used for ADHD and Nootropics / Xanthine Derivatives.
Calcitonin	<ul style="list-style-type: none"> • Calcium Homeostasis / Agents against Parathyroid Hormone.
Candesartan Cilexetil	<ul style="list-style-type: none"> • Agents that act on the Renin /Angiotensin System / • Angiotensin II antagonists.
Captopril	<ul style="list-style-type: none"> • Agents that act on the Renin /Angiotensin System / • ACE inhibitors.
Carbamazepine Bromine Free	<ul style="list-style-type: none"> • Antiepileptics / Carboxamide derivatives.
Carbidopa	<ul style="list-style-type: none"> • Non /competitive inhibitor of decarboxylase.
Carbinoxamine maleate	<ul style="list-style-type: none"> • Antihistamines for Systemic Use / Aminoalkyl ethers.
Carboplatin	<ul style="list-style-type: none"> • Other Antineoplastic Agents.
Carisoprodol	<ul style="list-style-type: none"> • Central action muscle relaxant agents / Carbamic Acid Esters.

Carmustine	<ul style="list-style-type: none"> • Antineoplastic Agents / Alkylating Agents / Nitrosoureas.
Carnitine	<ul style="list-style-type: none"> • Other products for the alimentary tract and Metabolism / Amino acids and derivatives.
Carvedilol	<ul style="list-style-type: none"> • Beta Blocking Agents / Alpha and beta blocking agents.
Cefadroxyl M Compact	<ul style="list-style-type: none"> • Other Betalactam Antibacterials / First generation cephalosporanics.
Cefadroxyl M Powder	<ul style="list-style-type: none"> • Other Betalactam Antibacterials / First generation cephalosporanics.
Cefalexine M Compact	<ul style="list-style-type: none"> • Other Betalactam Antibacterials / First generation cephalosporanics.
Cefalexine M Powder	<ul style="list-style-type: none"> • Other Betalactam Antibacterials / First generation cephalosporanics.
Cefazoline Sodiium Sterile	<ul style="list-style-type: none"> • Other Betalactam Antibacterials / First generation cephalosporanics.
Cefepime HCl + L /Arginine	<ul style="list-style-type: none"> • Other Betalactam Antibacterials – Fourth generation cephalosporanics.
Cefixime T compact	<ul style="list-style-type: none"> • Other Betalactam Antibacterials – Third generation cephalosporanics.
Cefixime T powder	<ul style="list-style-type: none"> • Other Betalactam Antibacterials – Third generation cephalosporanics.
Cefotaxime	<ul style="list-style-type: none"> • Other Betalactam Antibacterials – Third generation cephalosporanics.
Cefotaxime Sodium Sterile	<ul style="list-style-type: none"> • Other Betalactam Antibacterials – Third generation cephalosporanics.
Cefpirom Sulfate Sterile	<ul style="list-style-type: none"> • Other Betalactam Antibacterials – Fourth generation cephalosporanics.
Cefradine Micronized	<ul style="list-style-type: none"> • Other Betalactam Antibacterials / First generation cephalosporanics.

Cefradine	<ul style="list-style-type: none"> • Other Betalactam Antibacterials / First generation cephalosporanics.
Cefradine Compact	<ul style="list-style-type: none"> • Other Betalactam Antibacterials / First generation cephalosporanics.
Ceftizoxime Sodium sterile	<ul style="list-style-type: none"> • Cephalosporanic antibacterialOther Betalactam Antibacterials – Third generation cephalosporanics.
Ceftriaxone Sodium Sterile	<ul style="list-style-type: none"> • Cephalosporanic antibacterialOther Betalactam Antibacterials – Third generation cephalosporanics.
Cefuroxime Axetil	<ul style="list-style-type: none"> • Cephalosporanic antibacterialOther Betalactam Antibacterials – Second generation cephalosporanics.
Celecoxib	<ul style="list-style-type: none"> • Non /steroidal anti /inflammatory and anti /rheumatic products / Coxibs. • Other antineoplastic agents.
Ceterizine	<ul style="list-style-type: none"> • Antihistamínicos para uso sistémico / Derivados de la Piperazina.
Chamomile Extract (Chamomile)	<ul style="list-style-type: none"> • Anti /inflammatory properties.
Cilostazol	<ul style="list-style-type: none"> • Antithrombotic Agents / Inhibitors of platelet aggregation.
Cinarizine	<ul style="list-style-type: none"> • Prepared against Vertigo.
Cinitapride	<ul style="list-style-type: none"> • Gastrointestinal prokinetic.
Ciprofibrate	<ul style="list-style-type: none"> • Lipid modifying agents / Fibrates.
Ciprofloxacin HCl / Base / Lactate	<ul style="list-style-type: none"> • Antibacterials for systemic use / Antibacterial quinolones / Fluoroquinolones. • Ophthalmological and Otological Preparations / Anti /infectives.
Ciproheptadine HCl	<ul style="list-style-type: none"> • Other antihistamines for systemic use.
Ciproterone Acetate	<ul style="list-style-type: none"> • Sex hormones and modulators. Antiandrogens.

Cisplatin	<ul style="list-style-type: none"> • Other antineoplastic agents / Platinum Compounds.
Citalopram HCl	<ul style="list-style-type: none"> • Psychoanaleptics / Antidepressants / Selective serotonin reuptake inhibitors.
Citarabine	<ul style="list-style-type: none"> • Antineoplastic Agents / Antimetabolites / Pyrimidine Analogs.
Citicolin Sodium	<ul style="list-style-type: none"> • Psychoanaleptics / Psychostimulants, Agents used for ADHD and Nootropics / Other psychostimulants and nootropics.
Clarithromicin	<ul style="list-style-type: none"> • Macrolide Antibacterial.
Clarithromicin Granules 27,5% / 33% / 42%	<ul style="list-style-type: none"> • Macrolide Antibacterial.
Clavulanate Potassium + Syloid / Avicel	<ul style="list-style-type: none"> • B /lactamase inhibitor stabilized with Syloid or Avicel used in combination with Penicillins.
Clavulanate Potassium + Amoxi	<ul style="list-style-type: none"> • Broad Spectrum Penicillanic Antibacterial / Combinations of penicillins, including beta /lactamase inhibitors.
Clembuterol HCL	<ul style="list-style-type: none"> • Agents for Obstructive Airway Conditions / Inhalation Adrenergics / Selective beta /2 adrenergic receptor agonists. • Adrenergics for systemic use / Selective beta /2 adrenergic receptor agonists.
Clindamycin Phosphate	<ul style="list-style-type: none"> • Antibacterials for systemic use / Lincosamides • Anti /acne preparations for topical use / Anti /infectives for the treatment of acne. • Gynecological anti /infectives and antiseptics / Antibiotics.
Clobetasol	<ul style="list-style-type: none"> • Dermatological preparations with corticosteroids / Very potent corticosteroids (group IV). • Very strong corticosteroids in combination with antibiotics.
Clomipramine HCl	<ul style="list-style-type: none"> • Psychoanaleptics / Antidepressants / Non /selective monoamine reuptake inhibitors.
Clonazepam	<ul style="list-style-type: none"> • Antiepileptics / Benzodiazepine derivatives.

Clopidogrel Bisulfate Forms I and II	<ul style="list-style-type: none"> • Antithrombotic Agents / Inhibitors of platelet aggregation, excluding heparin.
Cloranfenicol Base / Succinate / Palmitate	<ul style="list-style-type: none"> • Antibiotics and Chemotherapy for Dermatological use / Other antibiotics for topical use. • Anti /acne /Anti /infective preparations for the treatment of acne. • Gynecological anti /infectives and antiseptics / Antibiotics. • Antibacterials for systemic use / Amphenicols. • Ophthalmological / Anti /infectives / Antibiotics. • Otological / Anti /infectives.
Clorfeniramine Maleate	<ul style="list-style-type: none"> • Antihistamines for systemic use / Substituted alkylamines.
Clorhexidine digluconate	<ul style="list-style-type: none"> • Stomatological preparations / Anti /infectives and antiseptics for local oral treatment. • Blood substitutes and solutions for infusion / Irrigation solutions / Anti /infective agents. • Antiseptics and disinfectants / Biguanides and amidines. • Medicated dressings / Anti /infective ointment dressings. • Throat preparations / Antiseptics. • Ophthalmology / Ophthalmology / Another anti /infectives. • Otological / Anti /infectives.
Cloxaciline Sodium	<ul style="list-style-type: none"> • Anti /infectives for systemic use / Antibacterials for systemic use / Betalactam antibacterials, Penicillins / Beta /lactamase resistant penicillins.
Codeine Phosphate	<ul style="list-style-type: none"> • Analgesics / Opioids. • Cough suppressants, excluding combinations with expectorants / Opium alkaloids and derivatives.
Choline Bitartrate / Chloride	<ul style="list-style-type: none"> • Dietary supplement.
Condroitin Sulfate	<ul style="list-style-type: none"> • Non /steroidal anti /inflammatory and anti /rheumatic products / Other non /steroidal anti /inflammatory and anti /rheumatic agents.
Crotamiton	<ul style="list-style-type: none"> • Scabicial and antipruritic agent.

Cyclobenzaprine HCl	<ul style="list-style-type: none"> • Central acting muscle relaxant agents / Other central acting agents.
Cyanocobalamin Vitamin B12	<ul style="list-style-type: none"> • Anti /anemic preparations / Vitamin B12 (cyanocobalamin and analogues).

D	
Dacarbazine	<ul style="list-style-type: none"> • Antineoplastic Agents / Alkylating Agents / Other Alkylating Agents.
Daptomycin	<ul style="list-style-type: none"> • Antibacterials for systemic use / Other antibacterials.
Dihydrostreptomycin	<ul style="list-style-type: none"> • Ophthalmological / Anti /infectives / Antibiotics.
Deltamethrin	<ul style="list-style-type: none"> • Synthetic pyrethroid with broad spectrum insecticidal and acaricidal activity.
Desloratadine	<ul style="list-style-type: none"> • Antihistamines for systemic use / Other antihistamines for systemic use.
Dexamethasone base	<ul style="list-style-type: none"> • Stomatological preparations / Corticosteroids for local oral treatment. • Vasoprotectors / Topical agents for the treatment of hemorrhoids and anal fissures. • Dermatological preparations with corticosteroids / Moderately potent corticosteroids (group II). • Dermatological preparations with corticosteroids. Moderately potent corticosteroids (group II). • Anti /acne preparations for topical use / Combinations with corticosteroids for the treatment of acne. • Corticosteroids for systemic use / Glucocorticoids. • Nasal preparations / Decongestants and other nasal preparations for topical use / Corticosteroids. • Ophthalmologic / Anti /inflammatory agents. • Otologic / Corticosteroids.
Dexamethasone phosphate Sodium	<ul style="list-style-type: none"> • Stomatological preparations / Corticosteroids for local oral treatment. • Vasoprotectors / Topical agents for the treatment of hemorrhoids and anal fissures. • Dermatological preparations with corticosteroids / Moderately potent corticosteroids (group II).

	<ul style="list-style-type: none"> • Dermatological preparations with corticosteroids. Moderately potent corticosteroids (group II). • Anti /acne preparations for topical use / Combinations with corticosteroids for the treatment of acne. • Corticosteroids for systemic use / Glucocorticoids. • Nasal preparations / Decongestants and other nasal preparations for topical use / Corticosteroids. • Ophthalmologic / Anti /inflammatory agents. • Otologic / Corticosteroids.
Dexbromfeniramin Maleate	<ul style="list-style-type: none"> • Antihistamines for systemic use / Substituted alkylamines.
Dextrin	<ul style="list-style-type: none"> • Dextrose polymer used as adhesive and reinforcing agent for surgical dressings, diluent for capsules and tablets, binder for granulation and thickener for suspensions.
Dextromethorphan	<ul style="list-style-type: none"> • Other drugs that act on the nervous system. • Cough and cold preparations / Cough suppressants, excluding combinations with expectorants / Opium alkaloids and derivatives.
Diacerein	<ul style="list-style-type: none"> • Non /steroidal anti /inflammatory and anti /rheumatic products / Other non /steroidal anti /inflammatory and anti /rheumatic agents.
Diazepam	<ul style="list-style-type: none"> • Psycholeptics / Anxiolytics / Benzodiazepine derivatives.
Dibunate Sodium	<ul style="list-style-type: none"> • Cough and cold preparations / Cough suppressants, excluding combinations with Expectorants / Other cough suppressants.
Diclofenac Acid	<ul style="list-style-type: none"> • Pain / Non /selective Cyclooxygenase Inhibitors.
Diclofenac Colestiramine	<ul style="list-style-type: none"> • Pain / Non /selective Cyclooxygenase Inhibitors. Non /steroidal anti /inflammatory drug that contains as an active component diclofenac linked to cholestyramine, a non /steroidal compound with antiphlogistic properties known to have powerful analgesic, anti /inflammatory and antipyretic properties.
Diclofenac Diethylamine	<ul style="list-style-type: none"> • Pain / Non /selective Cyclooxygenase Inhibitors. • Other dermatological preparations / Other dermatological products. • Topical products for joint and muscle pain / Prepared with non /steroidal anti /inflammatory drugs for topical use.

Diclofenac Epolamine	<ul style="list-style-type: none"> • Pain / Non /selective Cyclooxygenase Inhibitors. • Non /steroidal anti /inflammatory and antirheumatic products / Derivatives of acetic acid and related substances.
Diclofenac Potassium	<ul style="list-style-type: none"> • Pain / Non /selective Cyclooxygenase Inhibitors. • Non /steroidal anti /inflammatory and antirheumatic products / Derivatives of acetic acid and related substances. • Ophthalmologic / Anti /inflammatory agents / Non /steroidal anti /inflammatory agents.
Diclofenac Resinate	<ul style="list-style-type: none"> • Pain / Non /selective Cyclooxygenase Inhibitors. • Non /steroidal anti /inflammatory and antirheumatic products / Derivatives of acetic acid and related substances.
Diclofenac Sodium	<ul style="list-style-type: none"> • Pain / Non /selective Cyclooxygenase Inhibitors. • Non /steroidal anti /inflammatory and antirheumatic products / Derivatives of acetic acid and related substances. • Ophthalmologic / Anti /inflammatory agents / Non /steroidal anti /inflammatory agents.
Dicloxacilin Sodium	<ul style="list-style-type: none"> • Beta /lactam antibacterials, Penicillins / Penicillins resistant to beta /lactamase.
Digoxin	<ul style="list-style-type: none"> • Cardiac therapy / Cardiac glycosides / Digitalis glycosides.
Diltiazem	<ul style="list-style-type: none"> • Calcium channel blocker / Selective calcium channel blockers with direct cardiac effects / Benzothiazepine derivatives.
Dimenhidrate	<ul style="list-style-type: none"> • Respiratory System / Antihistamines for systemic use / Aminoalkyl ethers.
Diosmin	<ul style="list-style-type: none"> • Vasoprotectors / Capillary stabilizing agents / Bioflavonoids.
Dipyron Magnesium / Sodium	<ul style="list-style-type: none"> • Analgesics / Other analgesics and antipyretics / Pyrazolones.
Dobesilate Calcium	<ul style="list-style-type: none"> • Vasoprotectors / Antivaricose therapy / Other sclerosing agents.

Dobutamin HCl	<ul style="list-style-type: none"> • Cardiac therapy / Excluded cardiac stimulants Cardiac glycosides / Adrenergic and dopaminergic agents.
Docetaxel Anhydrous / Trihydrato	<ul style="list-style-type: none"> • Antineoplastic agents / Plant alkaloids and other natural products / Taxanes.
Doxiciclin	<ul style="list-style-type: none"> • Stomatological preparations / Anti /infectives and antiseptics for local oral treatment. • Anti /infectives for systemic use / Antibacterials for systemic use / Tetracyclines.
Domperidone Maleate	<ul style="list-style-type: none"> • Agents against functional ailments of the stomach and intestine / Propulsive.
Dopamin	<ul style="list-style-type: none"> • Cardiac therapy / Cardiac stimulants excluding cardiac glycosides / Adrenergic and dopaminergic agents.
Dorzolamide	<ul style="list-style-type: none"> • Ophthalmology / Preparations against glaucoma and miotics / Carbonic anhydrase inhibitors.
Doxicicline HCl	<ul style="list-style-type: none"> • Stomatological preparations / Anti /infectives and antiseptics for local oral treatment. • Anti /infectives for systemic use / Antibacterials for systemic use / Tetracyclines.
Doxorubicine HCl	<ul style="list-style-type: none"> • Antineoplastic Agents / Cytotoxic Antibiotics and Related Substances / Anthracyclines and Related Substances.

E	
Emtricitabine	<ul style="list-style-type: none"> • Antivirals for systemic uses / Direct acting antivirals / Nucleosides and nucleotides reverse transcriptase inhibitors. • Antivirals for the treatment of HIV infections and combinations.
Enalapril Maleate	<ul style="list-style-type: none"> • Agents that act on the Renin /Angiotensin /ACE Inhibitors system.
Enoxaparin	<ul style="list-style-type: none"> • Antithrombotic Agents / Heparin Group.
Epinephrine	<ul style="list-style-type: none"> • Stomatological preparations / Other agents for local oral treatment. • Antihemorrhagic / Vitamin K and other Haemostatics / Local haemostatics.

	<ul style="list-style-type: none"> • Cardiac therapy / Cardiac stimulants excluding cardiac glycosides / Adrenergic and dopaminergic agents. • Nasal preparations / Decongestants and other nasal preparations for topical use / Sympathomimetics, monotherapy. • Agents against obstructive airway diseases / Inhalation adrenergic agents / Alpha- and beta-adrenergic receptor agonists. • Ophthalmology / Preparations against glaucoma and miotics / Sympathomimetics in glaucoma therapy1).
Epirubicine	<ul style="list-style-type: none"> • Antineoplastic Agents / Cytotoxic Antibiotics and Related Substances / Anthracyclines and Related Substances.
Eplerenone	<ul style="list-style-type: none"> • Diuretics / Potassium /sparing agents / Aldosterone antagonists.
Erythropoietin	<ul style="list-style-type: none"> • Antianemic Preparations / Other antianemic preparations.
Erythromycin Base / Estolate / Ethyl Succinate / Estereate	<ul style="list-style-type: none"> • Anti /acne preparations / Anti /acne preparations for topical use / Anti /infectives for the treatment of acne. • Antibacterials for systemic use / Macrolides, Lincosamides and Streptomycins / Macrolides. • Ophthalmological / Anti /infectives / Antibiotics.
Escitalopram Oxalate	<ul style="list-style-type: none"> • Psychoanaleptics / Antidepressants / Selective Serotonin reuptake inhibitors.
Esomeprazole	<ul style="list-style-type: none"> • Alimentary tract and metabolism / Stomatological preparations / Agents for the treatment of disorders caused by acids / Agents against peptic ulcer and gastroesophageal reflux (GORD / GORD) / Proton pump inhibitors.
Espironolactone	<ul style="list-style-type: none"> • Diuretics / Potassium /sparing agents / Aldosterone antagonists.
Estradiol Enantate	<ul style="list-style-type: none"> • Sex hormones and modulators of the genital system / Estrogens / Natural and semi /synthetic estrogens, monotherapy.
Estrogens Conjugated	<ul style="list-style-type: none"> • Sex hormones and modulators of the genital system / Estrogens / Natural and semi /synthetic estrogens, monotherapy.
Eszopiclone	<ul style="list-style-type: none"> • Psycholeptics / Hypnotics and sedatives / Drugs related to benzodiazepines.

Etamsilate	<ul style="list-style-type: none"> • Antihaemorrhagic / Vitamin K and other Haemostatics / Other systemic haemostatics.
Etoposide	<ul style="list-style-type: none"> • Antineoplastic agents / Plant alkaloids and other natural products / Derivatives of podophyllotoxin.
Ezetimibe	<ul style="list-style-type: none"> • Lipid Modifying Agents / Other lipid modifying agents.

F	
Famotidine	<ul style="list-style-type: none"> • Alimentary tract and metabolism / Stomatological preparations / Agents for the treatment of disorders caused by acids / Agents against peptic ulcer and gastroesophageal reflux (GORD / GORD) / H2 receptor antagonists.
Fenilbutazone	<ul style="list-style-type: none"> • Musculoskeletal System / Non /steroidal anti /inflammatory and antirheumatic products / Butylpyrazolidines. • Topical products for joint and muscle pain / Prepared with non /steroidal anti /inflammatory drugs for topical use.
Fenilbutazone Sodium	<ul style="list-style-type: none"> • Musculoskeletal System / Non /steroidal anti /inflammatory and antirheumatic products / Butylpyrazolidines. • Topical products for joint and muscle pain / Prepared with non /steroidal anti /inflammatory drugs for topical use.
Fentanyl Citrate	<ul style="list-style-type: none"> • Nervous system / Anesthetics / General anesthetics / Opioid anesthetics. • Nervous system / Analgesics / Opioids / Phenylpiperidine derivatives.
Fexofenadine	<ul style="list-style-type: none"> • Antihistamines for systemic use / Other antihistamines for systemic use.
Filgrastim	<ul style="list-style-type: none"> • Immunostimulants / Colony stimulating factors.
Finasteride	<ul style="list-style-type: none"> • Other dermatological preparations / Other dermatological products. • Urologicals / Drugs used in benign prostatic hypertrophy / Alpha adrenergic receptor antagonists. • Testosterone 5 /alpha reductase inhibitors.

Fluconazole	<ul style="list-style-type: none"> • Antifungals for dermatological use / Antifungals for topical use / Imidazole and triazole derivatives. • Antifungals for systemic use / Triazole derivatives.
Flunarizine	<ul style="list-style-type: none"> • Nervous System / Other Drugs that act on the nervous system / Preparations against vertigo.
Fluorometholone Base	<ul style="list-style-type: none"> • Vasoprotectors / Topical agents for the treatment of hemorrhoids and anal fissures / Corticosteroids. • Dermatological preparations with corticosteroids / Moderately potent corticosteroids (group II). • Anti /acne preparations / Combinations with corticosteroids for the treatment of acne. • Ophthalmologic / Anti /inflammatory agents / Corticosteroids.
5 / Fluorouracil	<ul style="list-style-type: none"> • Antineoplastic Agents / Antimetabolites / Pyrimidine Analogs.
Fludarabine	<ul style="list-style-type: none"> • Antineoplastic Agents / Antimetabolites / Purine Analogs.
Flutamide	<ul style="list-style-type: none"> • Endocrine therapy / Hormone antagonists and related agents / Antiandrogens.
Fluticasone	<ul style="list-style-type: none"> • Dermatological / Dermatological preparations with corticosteroids / Strong corticosteroids (group III). • Respiratory system / Nasal use preparations / Corticosteroids. • Other agents against obstructive diseases of the respiratory tract, Inhalation / Glucocorticoids.
Folic Acid	<ul style="list-style-type: none"> • Antianemic preparations / Vitamin B12 and Folic Acid / Folic acid and derivatives.
Furosemide	<ul style="list-style-type: none"> • Diuretics / Diuretics with a high ceiling / Sulfonamides.

G	
Gabapentin	<ul style="list-style-type: none"> • Nervous System / Antiepileptics / Other antiepileptic drugs.
Gabob	<ul style="list-style-type: none"> • Gamma /amino /beta /hydroxybutyric acid / Anticonvulsant properties but has relatively low potency when used alone and is most useful as an adjunctive treatment in conjunction with another anticonvulsant drug. It

	has two stereoisomers, with the (3S) d /GABOB isomer being about twice as potent as an anticonvulsant than the (3R) l /GABOB isomer.
Gemcitabine HCl	<ul style="list-style-type: none"> • Antineoplastic Agents / Antimetabolites / Pyrimidine Analogs.
